

PARENTS ASSOCIATION

Our Mission Statement

To build a strong bond that **supports** and **involves** parents, students, faculty, and staff in the Mid-Peninsula High School community.

YOU ARE A MEMBER!

The Mid-Peninsula High School Parents Association was established in 2002 to further our school's vision through a combination of volunteer work, fundraising, education, and special events. The purpose of the Parents Association is to build a strong school community by providing support for the parents, students, faculty and staff. **Every parent at Mid-Pen is a member of the Parents Association.** There are no membership dues.

Our goal for the school year is to continue efforts to build an association that represents its mission statement. The two primary areas we plan to focus on in order to achieve our goal are volunteerism and communication.
